**Download the resources (see the free downloadable PDFs). Print on card if possible. Cut out the dice and construct them using glue stick. Laminate the picture/word/sentence cards to ensure they are re-usable for years.**

### **Game 1 (Simple picture and word matching):**

- Each player throws the dice. She makes sure the word is the correct way up, and reads it aloud twice. She then places the dice on the matching word on the relevant word-card. If she is correct, all the players clap and cheer.

### **Game 2: Using the relevant short sentence cards:**

- Each player throws the dice and reads the word aloud. He then has to find the short sentence on the sentence card that contains that word. He reads the short sentence aloud and places the dice on that square. If he is correct, all the players clap and cheer.

**Game 3: Using only the word dice.** The player throws the dice and reads the word. He/she makes a sentence with the word.

### **Game 4: Using the word dice, the relevant sentence word card and Wordlist small flashcards from Book 2:**

**In advance: Print and cut out the small flashcards. Put the flashcards relevant to each Dice Game Word Card into an envelope to accompany the dice and the word card.**

1. The players set out the small flashcards, reading each word out loud as they set it out.
2. A player throws the dice. Reads the word aloud.
3. The player finds that word on the relevant Dice Game sentence word card.
4. He/ she reads that sentence aloud.
5. He/she then builds that sentence using the small flashcards in the envelope.
